## Impulse Seminar:

**May:** The program starts with the "Sustainable Development Seminar" (learning about environment, agriculture, waste, energy, social change, etc.) and developing project ideas.

### Choose one of these options:

**May, 16-21:** Romanian & Russian language (for those who don't know English very well)

or

**May, 24-29:** English language (for those who know English well)

## Research phase:

**June:** You go back home, build teams, search for partners and opportunities and fill out the project application.

## Project Management Seminar:

**July, 11-16:** exchanging know-how, learning about time and project management, team work, public relations, budgeting, fundraising, etc.

## Implementation phase:

**July – September:** you go back home, promote and implement your projects, record your successes and challenges. Experienced mentors support you on the way.

## Reflection Seminar:

**October, 12-16:** Analyzing the projects, personal experience and work in team. Learning about future opportunities.

## "IarmarEco" Event:

**October, 16:** The Fair of Ecological Opportunities and Social Entrepreneurship: presenting your project results, meeting great people from ecological NGOs, companies, initiatives and other changemakers.

The program consists of several stages.
